Docket # 2009-479-WS

To whom it may concern,

I was unable to come to the meeting because I was in the hospital but I still want to voice my opinion. I think Utilities Inc. needs to change their billing rather than go up on the service. We should only have to pay for what we use, my husband and I doesn't use as much as the 8 people living up the street and the lady across the road I imagine she doesn't use as much as us but we all pay the same price this is totally unfair! I think there should be meters at every house just like all the other utilities and that you pay for what you use!

A lot of us in this neighborhood didn't even know we had a sewer bill until several months after we moved in if we had known it and the price we would have most likely looked elsewhere for a new house.

Also a lot of us or on fixed incomes and can not afford this extremely high price we already pay and they want to go higher this is totally ridiculous and needs to be changed to meters and less money.

Thank You For Reading,
Lynn M. Wright
